PAREVE

Prep **15 min** Cook **8 min** Total **23 min** Serves **4**

Ingredients

- **1 lb** fresh green beans
- **2 Tbsp** toasted sesame oil
- **3 cloves** garlic — minced
- **1** shallot — chopped
- **2 Tbsp** teriyaki sauce
- sesame seeds, chopped peanuts, or slivered almonds, for topping (optional)

Instructions

1. Trim the ends off the green beans. Mince the garlic and chop the shallot.
2. Add the sesame oil to a large skillet over medium to medium-high heat. Let heat for a couple of minutes until hot.
3. Carefully add the shallot and garlic. Heat for 20-30 seconds.
4. Add the green beans and stir well to coat.
5. Sauté until just tender, about 5-6 minutes, stirring often so the garlic doesn't burn.
6. Add the teriyaki sauce. Toss to combine and cook 1-2 minutes.
7. When serving, don't forget the garlic/shallot pieces on the bottom of the pan — huge flavor!
