Ingredients

- **2** egg
- **1 tsp** olive oil — or cooking spray
- **1 pinch** salt
- **1 pinch** black pepper
- **1 tbsp** milk
- **1 tbsp** shredded cheese

Instructions

1. Crack the eggs into a bowl, add a pinch of salt (and the milk if using), and whisk until the yolks and whites are fully combined.
2. Heat the oil in a nonstick skillet over medium-low heat.
3. Pour in the eggs. Let them sit for a few seconds, then gently push them around the pan with a spatula, forming soft curds.
4. Cook 3-4 minutes, stirring gently, until just set but still soft and glossy. Add the cheese in the last minute if using.
5. Season with black pepper and serve right away.

Everyday staple. Pareve as written (oil, no cheese) — adding cheese makes it dairy.
